DETAILED ACTION

- Examiner has considered Amendment after Non-Final mailed 10/01/2007.
- Claims 1-24 are pending.
- The terminal disclaimer filed on 10/01/2007 disclaiming the terminal portion of any patent granted on this application which would extend beyond the expiration dates of 6,728,244 and 6,944,145 has been reviewed and is accepted. The terminal disclaimer has been recorded.

Allowable Subject Matter

1. Claims 1-24 are allowed.

The following is an examiner's statement of reasons for allowance:

Regarding claims 1-21 and 23-24, prior art of record does not disclose, in single or in combination, serializing transmission by a packet transmission control means for transmission of a plurality of second packets to the second network that refers to the packet information memory unit such that after one second packet is transmitted to second network, a next second packet is not transmitted to the second network until a response packet corresponding to one second packet is received from second network and a node processing determining means to determine a processing to be executed as either a first processing using a combination of the packet correspondence memory unit and the destination node identification means or a second processing using a combination of the packet information memory means and the packet transmission control means in combination with the other limitations of the claims.

Art Unit: 2619

Regarding claim 22, prior art of record does not disclose, in single or in combination, the first network interface for data transfer based on request and response, second network interface for data transfer not based on request and response, packet conversion processing unit and packet correspondence memory unit in combination with destination node identification unit to identify a destination node on the first network to which a response packet received in response to second packet is to be transferred by referring to correspondence stored in packet correspondence memory unit by using information of response packet at time of receiving packet response packet in combination with other limitations of the claim.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
